This Application for Rezoning seeks specific entitlements in order to allow for the construction and development of a townhouse community. The Subject Property consists of an 8.25-acre tract which is zoned Conditional Planned Village Community (“PVC”) and located at the southeast intersection of Hicks Road and the East-West Connector, and the west side of Barnes Meadow Road.

Cobb County’s Future Land Use Map (“FLUM”) reflects that the Subject Property is located within the confines of a Neighborhood Activity Center (“NAC”) which is appropriate for the proposed development of a townhouse community as proposed and as shown on the site plan and other documentation being submitted herewith.

ResiBuilt’s proposal is to develop Subject Property with 71 residential units consisting of attached townhomes.

The Subject Property is currently zoned PVC per the approval and conditions of No. Z-142 (2005), which resulted in the approval of all retail/commercial at this quadrant of Hicks Road and the East-West Connector. The Applicant’s proposal is for the development of a townhome community.

The proposal will be a transition on the east side of Hicks Road from single-family residential to the current proposal of attached townhomes on the Subject Property, to the retail and commercial developments on the north side of the East West Connector. As the Subject Property has remained undeveloped since its Rezoning and Entitlements, the Applicant’s

proposal will continue the development of PVC in this area that includes, single-family, townhome and duplex residential uses.

The continuing development of a PVC property will continue the intent of the overall area of by providing residential uses whose residents will benefit from the area's commercial and institutional developments.

ResiBuilt's proposal for Rezoning to Conditional PVC will provide a very livable community and will meet the needs and expectations of the individuals who will live there and will constitute a significant enhancement within this sub-area of Cobb County. Therefore, based upon the foregoing, ResiBuilt respectfully requests that its Application for Rezoning be approved while remaining solicitous of any comments from the County's Professional Staff and/or other appointed and elected officials of Cobb County so that such recommendations or input may be incorporated as conditions of the approval of this Rezoning Application.

The Applicant and its representatives welcome the opportunity to meet with Staff of the Cobb County Community Development Agency to answer any questions or to address any concerns relating to the matters set forth in this letter or in the Rezoning Application filed herewith. The Applicant respectfully requests your approval of this Application.

Respectfully submitted, this the 1 day of Feb, 2024.
